

Mayflower Christian Academy

Our Mission: To educate young hearts and minds to impact their communities and the world for Jesus Christ.

Why Choose Us

A word from our head of school...

Mayflower is a school where students begin to understand the depth and breadth of God's love for them and the amazing creation we get to learn about. The educational focus here is not based on meeting minimum requirements. It is about challenging and inspiring students to do their best through diverse experiences inside and outside the classroom.

-Javier Mattos

What Parents Say

"It is a wonderful feeling to know we are sending our children to school knowing their souls are being cared for as well as their minds."

"My child used to hate reading. Now she goes looking for books to read to herself without being asked."

Mastery-Based, Biblical Learning

Learning looks different for every child, and we offer several methods to meet each student's needs. In addition to in-person instruction, this includes self-paced instruction, video-based tutorials, computer programs and individual tutoring.

Our curriculum includes My Father's World, Apologia, BJU Press, and the Institute for Excellence in Writing (IEW).

Leadership Education

Our goals include educating students to be independent thinkers, leaders, entrepreneurs and statesmen. Giving them the skills to know how to think, rather than just regurgitate information.

To achieve these goals, we focus on teaching students critical thinking skills. By being effective thinkers, they can become capable leaders and contribute to a society that is both free and prosperous.
